HIGH SCHOOL CREDIT TRACKER

Grades 9-12

Track → Organize → Plan → Graduate

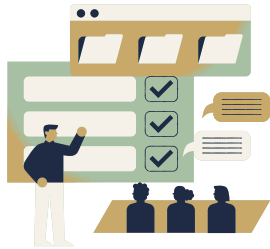

How to Use This Tracker

Use this tracker to create one clear picture of your student's high school course work.
Record courses as they are planned, in progress, or completed.

IMPORTANT: Graduation requirements and credit policies can vary by state, college, athletic organization and homeschool structure. Verify requirements that apply to your family

Science					☐
Social Studies					☐
PE/Wellness					☐
_____					☐
_____					☐
_____					☐
_____					☐
_____					☐
Dual Enrollment courses					☐
College/Career/Trade/Military requirements					☐

What needs attention next?

Don't Just Track Credits. Build a Pathway

Credit tracking answer: What have we completed?

Academic Planning answers What should we take next? Why does it matter?

<u>Graduation</u>	What does my student need to complete high school?
<u>Readiness</u>	What does my student need for college, career, trade school, military or another next step?
<u>Direction</u>	Are the courses and experiences we choose helping my student move toward their goal?

DO YOU NEED AN ACADEMIC PLANNING REVIEW?

- ☐ Not sure how many credits your student has
- ☐ Courses are completed but not documented
- ☐ Electives are being added without a larger plan
- ☐ Not sure if math & / science sequence fits your student's goals
- ☐ Interested in college but unsure of admission requirements
- ☐ Unsure of where dual enrollment fits in the plan
- ☐ Graduation date is close, but not sure what's remains to be done.

If you checked two or more, it may be time for a high school academic planning review
